ANNUAL LETTER

Date..12.2.2015..

Angel Sara Shymon

Reg. No. 20814/210

Dear Foster Parent

I am very glad to write you about Angel, your foster child. Hope this letter of mine will find you in high spirits and active health. Angel and her parents wish you a happy New Year.

Our centre is at Piravom. It is in Ernakulam District. Most of the areas are coming under rubber plantain. In this area the main cultivations are paddy, rubber, coffee, coconut, tapioca, pepper etc. Rice is the staple food of all families irrespective of class. Religion wise these villagers are divided Christians and Hindus. A communal harmony is prevailed in this place. Here people are attending church festivals and temple festivals. Piravom St.Mary Church and Pazhoor temple are very famous. Onam is a national festival of Kerala. We conducted cultural programmes and sports on that day. The main hobbies of the children are playing cricket and other local games. People are interested in reading books, news paper and watching TV and seeing films. Here most of the families are nuclear type.

Angel comes from a poor Christian family. She comes here regularly and happy to be here. When she comes in the morning she will greet everybody with a smiling face and present all the homely news. Now she is learning alphabets and numbers. She is good in her studies. Her health condition is good. In the centre we provide all the facilities for the children to develop physically, mentally and spiritually. Her grandmother died recently.

We had a happy Christmas celebration here on 20th December. Our children staged many Christmas programmes. Angel took part in action song and telling bible verses. She got Rs.300/- as Christmas gift and they spent the gift money to celebrate Christmas. Festivals of national and religious importance were celebrated. We conducted the annual medical checkup and did the follow up.

What is the news on your side? Hope you are keeping fine. Her parents are sending their love and regards to you. We are remembering you in our daily prayers. My heartfelt gratitude for your keen interest in the welfare of your child. I am concluding this letter with love and prayers.

With regards

Yours Sincerely

Josy Joseph
